What is this type of Insurance?

In the case of motor third party liability insurance the liability of the possessor of the vehicle before a third party for damage caused with the vehicle is insured. In other words, the insurer will compensate the victim for the damage caused by the vehicle instead of the person who caused the damage. The terms and conditions of the contract are mostly derived from the Motor Insurance Act. In addition, you can choose voluntary insurance covers: the accident insurance for the driver of a vehicle, deer motor hull insurance, ERGO Autoabi roadside assistance service or ERGO legal assistance.
